

REV. FATHER M'SWEENEY SAYS THAT THE BOARD OF EDUCATION HAS MADE A MISTAKE.

PASTOR OF ST. FRANCIS DE SALES ASSERTS THAT CATHOLICS AND JEWS DO NOT APPROVE OF "BIBLICAL READINGS IN THE PUBLIC SCHOOLS."

At the meeting of the Board of Education last Monday evening, a new text book was voted to be used in the High School, entitled, "Bible Readings." The book is to be studied only from the point of its value in literature.

In speaking about the matter today, Rev. Thomas McSweeney, pastor of St. Francis de Sales Parish, said:

"I should say that the action of the Board of Education last Monday night, in adopting the book, 'Bible Readings,' by Schaffer, as a text book in the Oakland High School, is an unwise move, inasmuch as the public schools of this city are supported by the taxation of the property of men of every sect, and the Catholic, as well as the Protestant and Jew, have a constitutional right to expect that no religious teachings of any character be introduced into the curriculum of any of the schools."

"If it were possible, and I doubt very much whether it is, but if it were possible, I say, to use this book and study the Bible as a literary work, I could offer no objection, but while we Catholics believe the Bible should be the

first book in every home, we also know that every line of that holy book is imbued with religious feeling.

"The Bible is the voice of God Almighty speaking to man, and we regard it as being something higher than a mere work of literary value."

"Suppose the son or daughter of a Jew were to sit in the class-room and be instructed in the divine teaching of Jesus Christ, can it be believed that the parents of these scholars would approve of the setting aside of religious texts taught at the mother's knee?"

"The Catholic Church has the utmost respect for secular schools, but believes that the training of our youth should be thorough and therefore we are of the opinion that the public schools do not go far enough in their work."

"No better book than the Bible could be used for its literary value if it were possible to do so and avoid the coloring of partisanship but who can tell what construction a professor would put upon certain parts of the new testament?"

"We use the Bible in our parochial schools, as we believe that the spiritual education of the mind is as important, if not more so, than the intellectual."

DISS DE BAR CASE IS IN A LONDON COURT.

Anne Odell Is Given a Hard Deal by the Witness on the Stand.

LONDON, Nov. 7.—The hearing of the charges against Theodore and Laura Jackson, "Diss de Bar," was resumed at the Marylebone Police Court today before a crowded courtroom.

The Clerk of the Court informed a representative of the Associated Press that enough witnesses have been summoned to keep the case going for weeks.

There were no women in the audience today. Laura Jackson continued her testimony, which was largely a reiteration of that previously given.

The most dramatic incident today was when Laura Jackson began her customary badgering cross-examination of the witness, who turned, pointing her finger at the female prisoner, vehemently denouncing her as the author of her ruin.

In spite of the melodramatic hinge the incident aroused, the court, however, upon the Presiding Judge threatened to clear the court.

The occurrence seemed to shake the nerves of the female prisoner, and her subsequent conduct of the case was not marked by the ability which she has heretofore displayed.

ADMIRAL CAILLARD HAS LANDED HIS MARINES.

PARIS, Nov. 7, 5:40 P. M.—A dispatch from Admiral Caillard has just been received announcing that he landed marines on the island of Mitilene this morning and occupied the customs house at Midilli without resistance.

The French government has received satisfactory replies without exception to its note explaining the measures against Turkey. An excellent impression has been created in official circles by the tone of the response of the United States, which is couched in the most friendly terms.

The Porte has yielded still further to the French demands and has notified M. Bapst, counselor of the French Embassy, that authority is granted France to rebuild or repair sixteen churches, convents and other institutions situated in different Vilayets.

Official advices received here say the Turkish authorities have cut the telegraph line between Mitilene and Constantinople. Thus Admiral Caillard was unable to communicate directly with M. Bapst, counselor of the French Legation at Constantinople, and was obliged to file all dispatches at the island of Syra.

The French government is fairly satisfied with the success achieved in the dispute by the naval demonstration. The Sultan has promised to settle all monetary claims and has offered guarantees which fall little short of those demanded.

BARON MEETS PRESIDENT

WASHINGTON, Nov. 7.—Baron Ludovic Moncheur, the newly appointed Belgian Minister to the United States, accompanied by Mr. Charles C. Wauters, counselor of the Belgian Legation at Washington, called at the State Department today and was presented formally to Secretary Hay. Baron Moncheur was attired in the full uniform of his rank.

Secretary Hay escorted his callers to the White House and formally introduced them to the President.

Baron Moncheur presented his credentials and the usual exchange of felicitations took place.

The President today spent some time with Secretaries Root, Long and Hitchcock, going over their annual reports and consulting with them regarding recommendations in his message concerning their departments.

HALF-HOUR SERVICE FOR BERKELEY PEOPLE.

Assistant Superintendent Wilder Is Preparing a Schedule for Trains.

BERKELEY, Nov. 7.—The fifteen thousand citizens who reside in Berkeley will be interested to know that within two or three weeks half hourly trains will be run in this city throughout the day. At present the local trains are operated hourly from 10 A. M. to 3 P. M.

No less an authority than J. C. Wilder, assistant superintendent of the Western Division, vouches for the statement that the improved service will be commenced very soon. He said in an interview:

"I am now busy arranging the necessary details for a half hourly service in the middle of the day instead of the hourly schedule as at present. The change will necessitate the putting on of an extra crew on the Berkeley run."

ROBBED THE LODGE OF \$57,000

Charles B. Thompson Supreme Finance Keeper Confesses That He is Short in His Accounts.

PORT HURON, Mich., Nov. 7.—Charles B. Thompson of this city, supreme finance keeper of the supreme court, Knights of the Maccabees is a self confessed defaulter in the sum of \$57,000. The order, however, is protected from loss by Thompson's security bond.

The shortage is acknowledged in the following letter to D. P. Markey, supreme commander of the order:

"D. P. Markey, Supreme Commander, K. of the M.—Dear Sir: It is with a feeling of distress and shame that I tender herewith my resignation as supreme finance keeper of the order of which you are the head. And this step is taken with a bitter realization that

I am no longer worthy of the companionship of my fellow officers. I have held the position since the order was founded, having during most of that time officially associated with the supreme officers and never until now did I in any way betray my trust. I was engaged in a legitimate business venture in which I had made a large investment and found myself in a position where further money was necessary to save myself from bankruptcy and ruin. There was apparently no chance for loss. I then betrayed my trust and used the funds of the order at the same time believing there was no question of my ability to replace them within a short time. The amount

I used was \$57,000. I have no hope of being able to repay this amount. I know the order is protected from loss by the surety bond of nearly twice the amount in a perfectly responsible company, but this does not lessen my mental suffering nor relieve me from the disgrace of having betrayed the confidence reposed in me. Nothing that may occur can increase the torture which I have suffered and am still suffering. I can only await such action as may be taken and abide the consequences. No punishment can be greater and no suffering so intense as that resulting from the loss of the respect and esteem of the membership of the order and the suffering necessarily caused to my family.

THE FRIEND OF TRAIN ROBBERS

"He Gave Me the Money in My Possession and I Never Asked Him Any Questions."

ST. LOUIS, Nov. 7.—Laura Bullion, the woman who was arrested yesterday for forged notes of the National Bank of Helena in her possession, was identified in the office of Chief of Detectives Desmond, by George Foster, a merchant of Mascuán, Ill., who formerly knew the woman when she lived in Texas. Following this, Laura Bullion said to Chief Desmond:

"I have known the prisoner whom

you call Longbaugh since the latter part of last April. It was in Fort Worth, Texas, that I first met him. Since that time we have lived in various cities and have gone under different names in every city that we visited."

Before that she lived with Bill Carver, a train robber, who she said was killed in Sonora, Mexico, April 2 last. Laura Bullion went to Fort Worth

from her home in Douglas, Ariz., to meet Longbaugh, who was introduced to her by Bill Cheney, another member of the gang. She added:

"He had plenty of money and I never asked him any questions as to where he got it. He gave me the money that was in my possession when I was arrested. I don't know where he got it. I don't know anything about that Wagner robbery."

SAMPSON'S REQUEST IS DECLINED.

WASHINGTON, Nov. 7.—The Schley Court of Inquiry has declined to grant the request made yesterday by Attorney Thell, acting for Admiral Sampson, that the remarks of Captain Parker concerning the fact that a Spanish warship lay in the harbor at Santiago for some hours after the arrival of Admiral Sampson be stricken from the record. Admiral Dewey, writing for the court, says that this action has been taken after careful consideration.

SHADOW ALWAYS ON HIS TRAIL.

R. R. Hillman of Davie, Bonner & Hillman of Broadway, who is accused of forging his stepfather's and mother's names to a deed to land in East Oakland which he subsequently mortgaged to H. C. Morris, the capitalist, is under surveillance at the instigation of Mr. Morris.

There's a shadow on his trail. Officer Brown is always next to Hillman. He follows him night and day and never allows him out of arm's length. The shadow never gets out of sight.

No answer has been filed in the action brought by Mr. and Mrs. Buckingham of Grass Valley to quiet title to the property said to have been encumbered by a forged deed.

It is also stated that letters addressed to Hillman's mother have not been answered.

Mr. Morris has no desire to prosecute Hillman, and will not do so if the money obtained from him is returned, but care is taken that Hillman does not leave town until the matter is settled.

Hillman is being given every opportunity to make restitution and is secure of immunity provided he does so.

Mrs. Buckingham, his mother, is said to be a poor woman, or of such limited means that the payment of \$1,000 would be a great hardship to her. It was assumed that she would make the sacrifice, however, rather than see her son prosecuted, but the expectation has not yet been realized.

Surface appearances indicate that a settlement is anticipated outside the courts.

ENDLESS BARBARITIES COMMITTED

LONDON, Nov. 7.—Edgar Canisus, an American who recently retired from the employ of the Congo Free State, confirms the terrible stories told about the natives, especially in the portions termed the State Domain, where strangers are seldom admitted.

Canisus, who accompanied Major Lothair, commander of the Belgian troops in the Congo, on his earliest expedition after rubber, says 900 natives were killed in six weeks during that expedition, while a smaller expedition, commanded by a Belgian Lieutenant, killed 800 natives in three weeks. The district is practically under martial law, on the strength of which such endless barbarities are committed that the natives are absolutely terror-stricken.

HE WAS WITH COL. HAYS' RANGERS.

MOBILE, Ala., Nov. 7.—General James Hagan died here today, aged 80 years. Hagan was a Mexican War Veteran, joining Civil War he was commissioned a Captain and shortly after became a Major in Colonel Hays' Texas Rangers and taking part in the storming of Monterey. Later he was commissioned a Captain of the

Third Dragoons and served under General Taylor. At the beginning of the Civil War he was commissioned a Captain and shortly after became a Major in Colonel Hays' Texas Rangers and taking part in the storming of Monterey. Later he was commissioned a Captain of the

of the Third Alabama Cavalry. The last two years of the war he was a brigade commander under General Wheeler. He was wounded three times and before the close of the war was promoted to the rank of a Brigadier General. General Hagan was born in Ireland.

DIMMICK IS UP AGAIN.

SAN FRANCISCO, Nov. 7.—The trial of Walter N. Dimmick, former chief clerk of the Mint, on minor embezzlement charges growing out of alleged temporary use of funds in the Bluestone account, began in the United States District Court today.

The Government was represented by United States District Attorney Woodworth, ex-Judge Denson and Bert Schlesinger, while George D. Collins appeared for Dimmick.

Mr. Schlesinger made a brief statement of what the Government expected to show, and the remainder of the session was occupied in securing a jury.

SUES FOR A PILE OF MONEY.

Richard Allman Says His Brother John Did Not Play Fair.

Richard Allman, through his attorneys, Snook & Church, has sued the estate of John Allman deceased.

The plaintiff says that in 1882 he gave his brother property valued at \$15,000 in Virginia City. Some of it was sold for \$11,000.

The plaintiff asks an accounting and the accumulation of the property for thirty years. This will amount to a small fortune.

J. W. Tompkins, executor of the John Allman estate, has rejected the claim.

MEANS MONEY FOR OIL MEN.

BAKERSFIELD, Cal., Nov. 7.—J. W. Goff of San Diego has discovered a scheme for forcing oil wells to run which will prove of interest to all producers in the Kern river and outside fields.

Considerable difficulty has been experienced in producing flowing wells of the property known as section 8 on the south side of Kern River. Everything possible was done to make the wells flow, but no success was met with until Mr. Goff of the Golden Rod Oil Company forced hot air and steam from the boiler of the engine to the bottom of the well. As soon as the oil became heated gases were evidently formed and the well commenced to flow and has flowed continuously for the past week. By the means of hot air the wells can be made to flow, it is said, at a much less depth than the wells have formerly been drilled.

WHEN WILL JOHN L. DAVIE RETURN FROM HIS TRIP TO THE MINES AND RESUME BUSINESS?

HIS PARTNER SAYS THAT HE HAS NOT HEARD FROM THE EX-MAYOR FOR ABOUT FIVE WEEKS—HIS BROTHER SAYS JOHN HAS A FORTUNE IN SIGHT IN SHASTA COUNTY.

Former Mayor John L. Davie has been strangely absent from his place of business, 311 Broadway, for nearly six weeks. He is the senior member of the firm of Davie, Bonner & Hillman, the junior member of which is in trouble about a deed which he is accused of forging.

Mr. Davie left over five weeks ago, saying he was going to Shasta county on mining business and would be back on the following Saturday. That is the last his business associates have heard of him. He left many business matters unsettled as though he expected to be absent only a few days. Since then many inquiries have been made for him without obtaining definite information.

J. M. Bonner, one of Davie's business partners, says he does not know where he is nor why he stays away.

"He left one day, saying he would be back the next Saturday. He said he was going to some little town in Shasta county on private mining business. He has not communicated with anyone since. Fifteen days ago I forwarded his mail to the place he said he was going, with a letter from the firm, face. But there are other rumors."

but I have received no response. I know nothing beyond this of his whereabouts nor what detains him. He left things just as they were and gave me no hint that he expected to stay away so long. I have only known Mr. Davie about eight weeks, and am not conversant with his private affairs."

Mr. Bonner appeared to be considerably annoyed over the long continued absence of his partner and expressed himself somewhat forcibly on the subject.

Frank Davie, a brother of the ex-mayor, keeps a coal yard on Thirteenth street, near Webster. He said his brother was in Shasta engaged in a mining enterprise.

"I have not heard from him for several days," said Mr. Davie, "but I know where he is and what he is doing. He is in a fair way to make a big turn and does not care to have his operations advertised at present. There is no mystery about his being away and I know of no reason why anyone should feel concern over his absence. He is merely away on business."

That is all that appears on the surface. But there are other rumors.

HIGHWAYMAN HOLDS UP A TIMID BARTENDER.

Newsboy Enters Upon the Scene But Quickly Makes His Escape.

A masked man held up J. B. Byer, a bartender in the employ of J. Simonds, corner of Twenty-eighth street and San Pablo avenue, at 5:45 this morning. The highwayman used a pistol and compelled his victim to turn over \$1.35 which he retained in the cash register over right.

While the robber was holding Byer at bay with a pistol, a newsboy entered the place with a bundle of papers. The boy took in the situation at a glance. Quick as a flash he closed the outer door of the saloon and yelled at the top of his voice for the police.

The robber, however, coolly backed toward the door, opened it and disappeared.

The bartender says the robber was very cool and did not show any signs of nervousness when placed in the awkward predicament by the newsboy.

Although the robbery occurred at a quarter to 6, it was not reported until 9 o'clock, giving the police but scant chance to catch the thief.

HEARST CONTEMPT CASE.

CHICAGO, Ill., Nov. 7.—In the contempt proceedings against the editors of Hearst's Chicago American, Judge Haney today listened to arguments by Judge Shope, representing the court, and ex-Governor Altgeld, representing the respondents. At noon Mr. Altgeld, who followed Judge Shope, was still talking, and as both sides had signified their intention of citing numerous authorities, those in attendance did not expect that Judge Haney would render a decision until late in the day, if then.

The arguments by both attorneys were technical. Judge Shope held that the case in question—that of the people et al and Charles S. Dennen versus the People's Gas, Light and Coke Company, had not been decided at the time of the publication of the matter original to the court, because the formal order had not been entered. Mr. Altgeld maintained that when the Judge made his decision from the bench the case was disposed of and that the entering of the order was a mere routine commonly performed by the clerk of the court.

FOUGHT WITH PISTOLS IN A PUBLIC STREET.

ST. LOUIS, Mo., Nov. 7.—A special to the Post-Dispatch from Marion, Ill., says: Maam Holman and Junior Meredith fought with revolvers on the principal street this morning. Holman is dying with a bullet over his heart and Meredith is not expected to live. The men are gamblers. The trouble is said to have started over a game of cards. Ten shots were fired, four taking effect.

AFTER MERRITT PROPERTY.

Orestes Pierce, administrator of the estate of the late Catherine M. Garcelon, has brought four suits in the Superior Court against O. C. Miller as executor of the estate of the late Stephen W. Furlington, Charles H. Lovell, Baron D. Morchant and Mary H. Copeland, for the purpose of securing possession of land at one time included in the Merritt estate and subsequently under the control of Mrs. Garcelon, now deceased. The property in question includes that bounded by Ninth, West, Eleventh and Market streets; between East Eleventh and Twelfth streets and First avenue; some on Madison and Twelfth streets, and two pieces at Fifth and Adeline streets. It is valued at \$500,000. It is alleged that this property was included in the Garcelon trust by J. N. Knowles for James F. and Frederick Merritt, nephews of the late Dr. Merritt. It is also alleged that the conditions of the trust were not carried out and that, therefore, the conveyances made from the trust are illegal.

BOXING.

In some quarters of the city, and particularly in the suburbs, there seems to be an impression that the boxing club are exclusive and intended for members of the club only. There never was anything so far wrong. The gymnasium of the Reliance Club is as free and as open to those who buy a one dollar admission ticket on the night of a show as to any one of the 250 members who pay monthly dues instead of buying tickets at the door. The reserved seats are also open to all and the members are asked to pay the 50 cents extra the same as the public. No favors are shown in the Reliance Club entertainments. The public, rich and poor, is invited, and welcome and is well taken care of when inside the club's gymnasium. The gentlemanly ushers are all club members who work for the love of the thing and the comfort of the club's guests.

When Jack Kane and Perry Queenan enter the ring at the Reliance Athletic Club tonight they will be greeted by the largest crowd which has been in the club's spacious gymnasium for many months. The advance sale of seats exceeds by far that of any previous show at this popular organization's headquarters. Aside from the sale of seats, there has been no interest taken in this evening's exhibition that is usually attracted by a local event of its kind.

Of course, the chief attraction is the return match between Kane and Queenan, but the bout between Louis Long and Frank McConnell will no doubt be the best ten-round contest ever seen in the club. Gifted with rare courage, quickness and ability to use either hand, Long has in a few months made such rapid strides in fisticuffs that he is looked upon as one of, if not the most promising youngster in his class on the Coast. He has a style which at once wins the hearts of his audience, and he never allows any grass to grow under his feet. His last three bouts in the Reliance have resulted in such decisive victories that until McConnell decided to turn professional no one could be found who was willing to meet Long except McFadden.

Frank McConnell, while recognized as a clever boxer in the amateur clubs, first attained prominence by winning a tournament at the Olympic Club. Since then he has met and defeated all the little fellows, his last fight being with game Jimmie Little, who went to sleep in the second round after McConnell's right had bored holes in his bread basket. It was only after much persuasion that Frank decided to cash his lot with the professionals, but if he proves successful tonight his future should be assured. Tony Cardozo, a likely student of Ed Smith's, and Kid Victor of West Oakland will mix things up for six rounds. The seating arrangements have been still further improved and the capacity increased. The ventilation has been perfected, and as every seat in the house commands a good view of the ring, a crowded house will still mean perfect comfort for all.

After weeks of hard work over mountain paths adjacent to Harbin Springs, Jeffries has decided to change his quarters and will break camp on Friday morning. Accompanied by Colonel Billy Delaney, Bob Armstrong and his retinue of rubbers, he will journey to Oakland, and hereafter his breathing spells will be spent in the gymnasium of the Reliance Athletic Club. Jeffries realizes that he has done enough of hard work, so from now until the battle begins he will take matters comparatively easy, so as to take on the weight as he can consistently, for his bout with the big man from Ohio. By taking matters easy, Jeffries means that he will take a course every day that would strike terror to the heart of the average manipulator of the gloves. The time honored saying, "he is a glutton for work," fades into insignificance when applied to the boxer-maker. With the exception of James J. Corbett, no champion ever worked so hard for a contest as has Jeffries for his coming encounter. He realizes that in Rublin he has a tough customer, and so wishes to step into the ring in the pink of condition.

"Of course, I naturally expect to win my bout with Rublin," he said, "but I want to tell you boys, this fellow Rublin is no cinch. I had rather fight half a dozen Fitzsimmons and Sharrons than this fellow. He is young, tall, strong, lean, shifty and, in fact, has all the qualifications necessary to

make a tough customer. I don't underestimate him. On that account I have worked harder than I ever did in my life."

But at Blanken's Six-Mile House the challenger is getting into condition, and from the hopeful manner in which he refers to the coming battle, he would lead one to think Rublin and not Jeffries was champion. The big, robust fellow from Akron has taken on about twenty pounds in weight, and good solid flesh at that, since he started to inhale the ozone of California to use his own expression, "he feels as strong as Yousouf, the Terrible Turk." Like Jeffries, Rublin is an exceptionally hard worker, and his trainer, Billy Madden, has to keep a watchful eye on him on that account.

In years gone by, trainers were compelled to urge their charges on in order to get them to the amount of work necessary to harden their muscles and get the men in shape, but such is not the case with the present gladiators of the prize ring, or rather Jeffries and Rublin. They each put in about a dozen times as much work as the big fighters of a few years ago.

THE TURF.

Track records went by the board at Emeryville yesterday afternoon, and the betting ring, grand stand and the racing in general took on an air of prosperity that was as sudden as it was welcome. A bright, the son of Autocrat, who in Jimmy McCormick's hands was unbeatable, lowered the coast record for a mile and seventy yards from 1:44, held by Charlie Book's Remus since the days of the old Bay District track, only to accomplish the trick with ease at the end. He was ridden by Winnie O'Connor and well handled. The pace was set by Barbara Fritchie, from the stable of Mrs. Madge Cone, but after traveling a mile in 1:40 flat (very fast time) the filly tired, and was beaten about three lengths.

The attendance showed a marked improvement over the three previous days, and the bookmakers had their hands full to handle the volume of business offered. Only two favorites were successful, and as the other wagers were only minor bets, the fellows who laid the odds reaped a rich harvest. The betting ring was so crowded at times it was no easy matter to get to the bookmaker to place a wager, especially when there was a rush to get away from a tight race. O'Connor was not so much in evidence, but he was second twice with as good as even money or better against his mount for place, and first once, and those who followed him progressively must have won on the day with but one race to carry over for today. Of the other successful jockeys, J. Woods, Logue, Winsette, J. Matthews and Birkenseth each scored one victory. Winsette was also second with Frank Bell and is making a very favorable impression with his saddle work.

Bernota was unfortunate at the start in yesterday's race or he would surely have won. He finished like a lion and showed a marvelous burst of speed through the stretch.

Mike Rice will do well to watch in slower he is liable to slip in any day. He ran a good race yesterday, and but for some bad bumping on the turn would have been in the money.

Tizora is another racer that should be tabbed for future races. She showed a world of speed yesterday, but was probably a trifle short of work.

Oscar Toile was slow to get in motion in the fifth race, and just as he got going in full swing met with some interference that threw him out of his stride. He came trailing with much gameness and drew on the leaders at the end. He will win soon.

Elzella was very unfortunate in her race. She is as fit as she can be, and she would have won easily in the race, but she is a poor runner, but Jockey See has content to make a waiting game of it.

William Pinkerton, chief of the great Pinkerton Detective Agency, was a visitor to the track yesterday. "Billie," as his familiars call him, loves the turf and never misses an opportunity to attend the races.

P. Sheridan, who owns Sir Douglas, Frank Duffy and other racers, is after Frank Doss, owner of Impromptu, and will not allow him to win a single purse without taking the amount of the prize money from him. Yesterday he bid Impromptu up \$300 above his entered selling price, at cost Doss just \$300 to retain his horse.

COURSING

The regular draw for the open stake which will be decided next Sunday at the Melrose Coursing Park will take place tonight at No. 3 Golden Gate avenue. There will be forty-eight dogs in the stake, among which are some of the best coursers in the country. The official draw will be published in THE TRIBUNE tomorrow.

FOOTBALL.

The "ax," that was the cry that rang out over the Berkeley campus yesterday afternoon as the famous trophy stolen from Stanford was paraded at the head of a noise-making crowd of students. There was a short period of pandemonium on the campus, and then the football boys settled down to hard practice and the rooters gathered about to offer encouragement. Nothing of much importance developed except the fact that

What is Ovaritis?

A dull, throbbing pain, accompanied by a sense of tenderness and heat low down in the side, with an occasional shooting pain, indicates inflammation. On examination it will be found that the region of pain shows some swelling. This is the first stage of ovaritis, inflammation of the ovary. If the roof of your house leaks, my sister, you have it fixed at once; why not pay the same respect to your own body?

You need not, you ought not to let yourself go, when one of your own sex

the boys have much before them to get in good trim for Saturday's contest.

At Stanford hard practice was also the rule, and the same anxiety was expressed regarding the short time left before the great game to perfect the men and have them ready in their positions for the play. A large crowd is looked for, but it will hardly come up to the Thanksgiving day crowds of former years.

CALLAHAN NOT GUILTY.
R. H. Callahan, who has been charged by Attorney Dodge in the case of the Public Administrator vs. Joseph Bernardo, with intimidating witnesses for the complainant, stated to a TRIBUNE reporter today that the charge was unfounded. He said that at the time he spoke to Vargas in the case, Attorney Vargas was present and knew all that was said.

STENOGRAPHER'S CASE.
The brief in the appeal case of J. H. W. Riley, court stenographer, for salary against County Auditor Ewing, has reached District Attorney Allen, who has set about to prepare his brief in the case.

Judge Allen is of the opinion that the legality of the County Government Act will be determined in this appeal to the Supreme Court.

A Daily Nuisance.

A Simple Remedy Which Will Interest Catarrh Sufferers.
In its earlier stages catarrh is more of a nuisance than a menace to the general health, but sooner or later, the disease

extends to the throat, bronchial tubes and even to the stomach and intestines. Catarrh is essentially a disease of the mucous membrane, the local symptoms being a profuse discharge of mucous, suppuration of the mucus, irritation in throat, causing coughing, sneezing, gagging and frequent clearings of the throat and head.

The usual treatment by local douches, snuffs, salves, etc., often gives temporary relief, but anything like a cure can only be obtained by a treatment which removes the catarrhal matter from the blood and the disappearance of the inflammation from the mucous surfaces.

A new remedy which meets these requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can hardly be called a secret patent medicine, as they are composed of such valuable remedies as Sanguinaria, Hydrastis, Eucalyptol and similar cleansing antiseptics which cure by eliminating from the blood and mucous surfaces the catarrhal poison.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges taken internally, allowing them to dissolve slowly in the mouth, in this way they reach the throat, fauces and the entire alimentary canal.

If desired, they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to use a douche, a few of them dissolved in the mouth daily will be sufficient. However, when there is much stoppage of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally of these tablets will cure the whole catarrhal trouble without resorting to the inconvenience of a douche.

Dr. Bennett states "that the internal treatment for catarrh is rapidly taking the place of the old plan of douching and local application, and further says that probably the best and certainly the safest remedy at present on the market is Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for catarrh are contained in this tablet."

PRIZE IS NOT LARGE ENOUGH.

San Francisco Architect Writes a Tart Letter to Alameda Trustees.

ALAMEDA, Nov. 7.—At a meeting of the Library Trustees held the other evening, a communication from Albert Sutton, an architect of San Francisco, was read and caused some comment. The writer acknowledges a request to enter the competition for the new library plans, and declines upon the ground that the prize offered by the Board is not sufficiently large to comply with the rules of the American Institute of Architects, unless the successful competitor is guaranteed the position of superintending the construction of the building. He figures that the prize should be \$1,050, whereas the Board offers but \$750.

THE GILLAN FUNERAL.
ALAMEDA, Nov. 7.—This morning at 10 o'clock the funeral of John Gillan took place from the deceased's late residence, 2907 Pacific avenue.

Mr. Gillan had been a resident of this city for a number of years, having come to California in 1850. He was 71 years of age and leaves a widow. The body was cremated at the Odd Fellows' Cemetery in San Francisco.

SAVE THE BOYS.
ALAMEDA, Nov. 7.—As a result of the sad accident on Tuesday afternoon when Russell Johnson, a 9-year-old boy, had his foot crushed beneath the train, the police have been on the alert for all train jumpers.

Yesterday afternoon six boys were caught and all have been compelled to pay \$5 or spend six hours in the City Jail. Two of the boys, Robert Korman and Albert Hunsinger, were placed in jail, while Arthur Grand, Emilio Jungbluth, Willie Ellis and Clifford Brown were fined \$3 each.

Judge Taylor said this morning that he did not like to send small boys to jail, but the practice of jumping trains must be stopped and he proposes to do all in his power to help the police in their good work. So far this month fifteen arrests have been made.

AL MOOVER HURT.
ALAMEDA, Nov. 7.—Al Moover, who resides in Fruitvale and is employed as a fireman on the local narrow gauge railway, met with a strange accident last evening, which might have resulted seriously. Moover had started from home to ride to this city on his wheel when he ran into a rope which had been stretched across the road near the tidal canal. The rope caught Moover under the chin, throwing him violently to the ground, where he lay in an unconscious condition for some time. When he regained his senses he proceeded to this city, where the lacerated throat was dressed.

NOTES OF INTEREST FROM HAYWARDS.
HAYWARDS, Nov. 7.—Final arrangements have been made between the Reliance baseball team of Oakland and the P. & H's for a match game of ball which will take place next Sunday. Manager Zambosky of the local team has been working to secure the game since the last contest with the Reliance men two weeks ago, when the latter defeated the P. & H's by a score of 1 to 0. The game was by far the best game ever played in this place.

WILL GIVE LECTURE.
Tomorrow night H. M. Payot of San Francisco will deliver a lecture for the benefit of the local library. The lecture will be on a recent trip around the world made by the lecturer and will be illustrated.

Every one is interested in the welfare of the library and a large house is expected.

EDITORS ARE OUT.
With the termination of the Al Saints' Church Fair a number of people are thrown out of employment. Among those who lost their jobs when the fair closed down, was William Zambosky and Frank Hoffmann, the two local editors of the "Saints' Herald."

The paper published in the interest of the late fair. The editors, however, made things hard when they were in office and as a result of their good work the fair cleared several hundred dollars more than would have been made, had it not been for the "Bazaar."

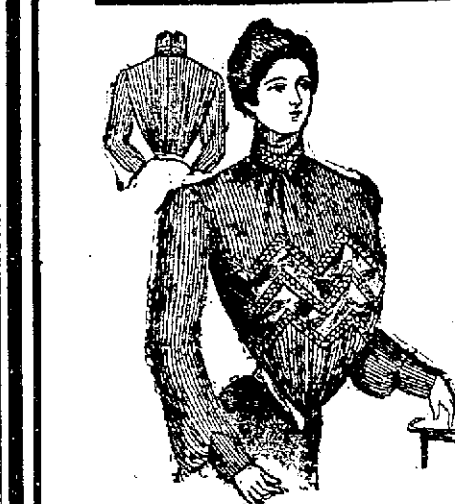

Every one has been high in their praise of the paper, and the many clever articles it contained.

THE SCHOOLS.
A number of the pupils of the local school are arranging for a "Colonial party" to take place some time in the near future. The young people have not as yet made known any of their plans for the affair, further than to state that an interesting program will be rendered.

WILL HOLD RAFFLE.
Joseph Kubler will hold a turkey raffle at his hotel on the 24th of this month. There will also be raffled, a ray of grease which will also be raffled.

COURT NOTES.
An amended answer has been filed in the suit of T. H. Dunakin vs. R. D. Winters and Ida B. Winters. It alleges that, in a claim for the erection of a building, the defendants have paid \$230.24 instead of \$123.13 as allowed in the complaint. Work on the structure is alleged to have been done in a faulty manner, and damages in the sum of \$100 have been sustained by the defendants.

JUSTICE WILL NOT WAIT.

His Honor Judge Melvin Rounds Up Two Race Track Men.

Two dilatory witnesses were fined by Judge Melvin in the Superior Court this morning in the case of James Chung, a young colored lad charged with assault with a deadly weapon with intent to commit murder. The victims were H. J. Jones and John Evans, who were fined \$2 or one day in the County Jail. G. E. Carlin, who was a member of the party, escaped by offering as an excuse the fact that he thought the court did not need his presence until 10 o'clock this morning. The trio had been subpoenaed for the prosecution and were in attendance upon the court all day yesterday without being placed on the stand. They were ordered to report early this morning but failed to put in an appearance.

Deputy Sheriff Boyer was sent out with an attachment. He found them coming in from the race track and placed them under arrest.

Jones is the owner of the running horse Decey, who is to enter in a race this afternoon. Evans works for him. Both were questioned as to why they had not put in early appearance and replied that they had a "hot horse" which they could not leave the track without endangering his physical condition.

"That is no excuse," said Judge Melvin. "You will pay a fine of \$2 or one day."

Jones was then placed on the stand and testified that he had seen the accused fire two pistol shots toward a number of people who were standing in front of him.

CARS ARE RUNNING ON HAYWARDS LINE.
ELMHURST, Nov. 7.—The rapid advance of Elmhurst is well illustrated by last month's enrollment of the public school. The reports show that during the month of October the school was crowded to its greatest capacity; in fact, the enrollment of some grades exceeds the seating capacity. Arrangements will have to be made in the near future which will either result in the building of an addition to the present structure or the erecting of another school building. If the town continues to grow as it has during the past few months, a new building will be needed within the next year.

AT THE POWER HOUSE.
The front part of the local power house is again assuming a business-like appearance. The cars are running on schedule time, but only operate from Twenty-third avenue in Oakland to B street in Hayward. Another day, however, will see part of the machinery going and the regular number of cars will then be put on the line. The new engine and dynamo lately brought here from the Alameda power house was started the other evening. The machinery seemed to be in good condition except for a slight pounding which the engineers were unable to locate. No further work on the machine was used during the test. The other machinery which was injured by the explosion is being taken apart and will be repaired in a short time.

PERSONAL.
Chas. Thompson of San Francisco was in town several days ago looking over his property.

REPAIRS FOR SEWERS.
Several lengths of the Oak street sewer caved in yesterday. The work of rebuilding the damaged section will cost \$50. The rebuilding of the bay end of the Clay street and Golden Gate sewer will commence at once. The work is to be done at a cost of \$700.

SACRED CONCERT.
There will be a sacred concert and praise service at the M. E. Church South, corner of Clay and Fifteenth streets, next Sunday, evening at 7:30, a special feature of which will be "The Vesper Prayer," sung by Miss Eade.

RUN DOWN BY AN ENGINE.

Louis Mayer, a Cook, Is Mangled at the Lorin Railroad Crossing.
Louis Mayer, a cook employed at the Mosses de l'Opera, while attempting to cross the railroad tracks last evening at Sanford and Park streets, Lorin, was struck by switch engine 28, and sustained injuries from which he died a few minutes later. Patrolman Hill, who witnessed the accident, says Mayer apparently saw the approaching engine, but evidently misjudged its speed and attempted to cross before it. He was in the center of the track when struck. His skull was badly fractured and both legs broken. The engine was in charge of Engineer William James, Fireman W. M. Burke and Foreman W. Rowland. Mayer was a native of Alsace-Lorraine and was 45 years old. He was unmarried.

FRUITVALE BRIDE IS MISSING.

Came From the East in Order to Marry Her Brother-in-Law.

FRUITVALE, Nov. 7.—Considerable excitement was caused several weeks ago by the sudden marriage of Wm. Schmidt, a man of 60 years of age, to his brother's widow, who is 30. Stranger still is the fact that Schmidt's wife had been dead but a short time, as was the case with his brother, whose widow he married. The woman came to this place from the East, and immediately upon her arrival was wedded to Schmidt.

The couple at once took up their residence at Schmidt's house, where they lived in apparent happiness until Tuesday of this week, when the bride was suddenly numbered among the missing. Schmidt has made several attempts to locate his wife, but has failed to find a trace of her whereabouts.

CHICKEN THEIF.
A bold chicken thief entered the coop of A. H. Glenn of Twenty-seventh avenue and Sixteenth street. Tuesday night, and took seven thoroughbred fowls. The chickens were taken across the street, where they were taken to the authorities. Mr. Glenn has been taken to the authorities. A number of similar cases have occurred in this section within a short time, and the police are anxious to see the robber in safe keeping.

R. T. McMANUS RECOVERING.
R. T. McManus, secretary of the Young Men's Christian Association, is rapidly recovering from the effects of an operation for appendicitis.

PARALYSIS AND COFFEE.
Symptoms Disappear When Drug Is Abandoned.

"Tea and coffee were forbidden by my physician for I had symptoms of paralysis and it was plain that the coffee was the cause of the trouble. I began using Postum Food Coffee and am now a steady adherent for Postum. The old symptoms of paralysis disappeared in a very brief time after I began the use of Postum and quit the use of coffee. Do not use my name publicly, if you please."—Morrow, O. The above name can be given by the Postum Cereal Company, Limited, Battle Creek, Michigan.
Coffee is such a direct poison to the nerve centers of many highly organized people that it produces all sorts of disorders, from stomach and bowel troubles, palpitation of the heart, kidney troubles, etc., etc., up to more intricate nervous diseases, such as paralysis. The way to keep well is to leave off coffee or any nerve destroyers of that sort, and use Postum Food Coffee, which is a direct reviver of the nerve centers. Sure and well defined improvement in health will follow this course, as can be proven by any person who will make the trial.

LARGE BALL FOR SAN LEANDRO.

Funeral of Joe Roberts Held From His Mother's Residence Yesterday.

SAN LEANDRO, Nov. 7.—On the evening of the 5th of this month Conchito St. Isabel will give its annual grand ball, which promises to be one of the most interesting occasions of the year. The ball will take place at the U. P. E. C. hall and the music will be furnished by Barney's orchestra. Several committees have been making arrangements for the affair and report everything to be in readiness.

FUNERAL OF JOE ROBERTS.
Yesterday afternoon the funeral of Joe Roberts took place at the residence of the deceased's mother on Hayward avenue. Mr. Roberts was born in Honolulu and was 38 years of age. He had lived in this place for a number of years, having come here with his relatives from Honolulu. He was a well-known and popular young man and will be greatly missed by his many friends and associates. The body was placed in the Hayward Catholic Cemetery.

BACK FROM ALASKA.
Miss Sybil and Miss Nina Hovey, who have just returned from Nome, are visiting friends in town for several weeks. The young ladies have been in Alaska for the past year, previous to which time they were residents of this place.

SAN LEANDRO WORKMEN.
On Monday evening San Leandro Lodge No. 12, A. O. U. W., will hold an open meeting at the city hall. A number of the grand officers will be present and address the meeting, after which there will be dancing.

NEWS NOTES.
J. F. Quinn has just returned from Half Moon Bay, where he has been visiting relatives for several days.

T. E. Cary returned from Rome several days ago, where he has been since last May.

California Council No. 55, U. P. E. C., held a meeting the other evening and initiated three new members. Three other names were handed in and will be acted upon at the next meeting. California Council is one of the most progressive Councils of the order and is rapidly increasing in number.

NEWS FROM THE LOCAL LODGEROOMS

Many Socials Given by the Local Odd Fellows, Workmen, Fraternal Orders So as to Keep Up the Interest of Members.

ODDFELLOWS.
Harbor Lodge No. 552, I. O. O. F., held a lively meeting Wednesday evening, at which two candidates were admitted.

The Ball Committee reported that their entertainment was a financial success.

The Subscription Committee on the Home Site reported having received and forwarded one hundred dollars.

Interesting remarks were made by the new brothers.

A side-degree, given after the regular meeting, was greatly enjoyed by the members and there is the promise of another one next Wednesday.

All members are cordially invited.

OAKLAND LODGE.
Oakland Lodge No. 118, I. O. O. F., enjoyed a well-attended session last Tuesday evening, when five new candidates were successfully conducted through the mysteries of the initiatory degrees.

Many visiting brothers were in attendance to participate in the general good time and lend their spirit and enthusiasm to that of Oakland Lodge itself.

After the initiation, the Committee of Rustlers treated the lodge and its guests to an informal spread, after which the pipe of good fellowship was passed until adjournment.

The hall was beautifully decorated for the occasion by the artistic hand of P. G. Price, who delivered an entertaining and witty "after dinner" speech on the emblematic decorations of the evening.

The Committee of Rustlers also held a meeting at which final preparations were made for the lodge dance to be given on the 12th.

The dance will be given in Pythian Hall and will be invitational, each member having at his disposal a limited number of tickets.

The evening was brought to a fitting climax with three cheers for Oakland Lodge, from members of Porter and other lodges, and a tiger for the Rustlers.

REEBEKAHS.
Oakland Rebekah Lodge No. 16, I. O. O. F., held a most enjoyable session last Thursday evening. Some of the members had decorated the assembly hall with Chinese umbrellas and lanterns of all colors, and nestled around in ferns and flowers leaved the orbs of pumpkin lanterns, with their hideous faces. Red apples hung suspended, ready to be "hit at."

At the lodge session, one applicant was re-instated and two propositions for membership were received. After the session the doors were thrown open and the hall was soon filled with friends and visiting Rebekahs.

While the lights were turned low and the waltzes danced, "Tam O'Shanter" was being played, twenty-two ghostly figures in sheets and pillow cases crept in and held high revel for a while. After they dispersed the floor was cleared for dancing. Apples were passed around and enjoyed by all.

Sisters Mollie Jones and Grace McPhail rendered several vocal solos later in the evening.

Lodge No. 18 will endeavor to entertain its friends with many enjoyable evenings this winter. The team members are requested to be in their respective chairs next Saturday night in order to drill to prepare for the four applicants soon to be initiated in this lodge.

Visiting Rebekahs are welcome at Glen's Hall, Fourteenth street, Saturday evenings.

KNIGHTS OF PYTHIAS.
On Tuesday evening, November 5, 1901, Divisio Lodge No. 224 conducted one of its usual interesting and pleasant weekly meetings, at which the following eight strangers were initiated into the mysteries of the page rank: W. J. Hall, C. W. Palmer, O. C. Bryan, A. A. Fanno, Frank G. Shay, Earl L. Taylor, I. K. Love and C. P. Pederson.

A. W. Bouterous, past chancellor of Union Lodge No. 169 of Sonoma, Cal., became a member of the lodge by card.

Among the visiting brothers present were a Knight from far-off Hawaii, another from the Lone Star State, as well as T. A. Nerney of the Uniform rank, Bro. Muller of Live Oak Lodge No. 17, Brothers Bernstein, Moore and Bowman of Oakland Lodge No. 103, and Bro. Tremble of Belmont Lodge No. 172. These visitors, with several new Divisioes, entertained the lodge on

several topics dear to members of the order.

The baseball team organized by the younger element of Divisio extends a challenge to any team of a sister lodge. Visitors are always sure of a hearty welcome when calling on Divisio Lodge No. 224.

MASONIC.
Brooklyn Lodge No. 225, F. and A. M., at East Oakland, will confer the first degree Tuesday evening, November 12.

Excellent music was furnished for dancing by the O'Brien Sisters' Orchestra.

Rev. T. J. O'Connell, D. D. G. P. for Alameda county, has inaugurated a campaign at home by reporting four reinstatements and a number of applications for membership at the last meeting of California Council No. 21 of Alameda. A series of informal whist parties will be held at the council rooms during the winter months.

The attendance at the opening affair was splendid and it is likely that the interest will increase from meeting to meeting.

The lodges offered by the Institute Journal to the two members proposing the greatest number of candidates in the months of May and June have been awarded to E. T. Ryan of Ignatius Council No. 36, of San Francisco, and St. A. McInnis of Oakland Council No. 6.

An effort is being made at Grass Valley to establish a council of the Junior Order. It is expected that the petition for a charter will shortly be forwarded and that organization will follow at an early date.

California Council No. 21 has announced a "runaway balloon smoker" for November 12th. All members say the local councils are invited to be on hand that everyone may have a seat in the basket.

TRIBE OF BEN HUR.
Oakland Court No. 6, Tribe Ben Hur, will initiate a class of ten new members next Monday evening at its lodge room in Forester's Hall. New regalia for the degree team has been ordered from the East and is expected to arrive in time to be used on that occasion.

The court is in a prosperous condition. New applications are presented at almost every meeting. All members are requested to be present next Monday evening to witness the initiatory ceremonies.

PRIDE OF FOREST.
Pride of the Forest Circle No. 122, C. O. F., will give a Thursday evening with a large attendance and a good deal of business was gone through. After the meeting closed they had a social among themselves and all had a good time. Dec. 12 Pride of the Forest Circle will have an open meeting to all members and their friends. The raffle of a sofa pillow will take place.

LYON CORPS.
Lyon Corps No. 6, W. R. C., will hold its regular monthly "at home" on Tuesday evening, November 12, at Lorain Hall, corner Eleventh and Clay streets.

In addition to the excellent program arranged for the occasion, there will be many novelties in the way of parlor amusements. Dancing will be next in order. The general good time enjoyed at the social given by Lyon Corps is well known, and to need any other recommendation than a cordial invitation to all pleasure seekers.

ARGONAUT TENT.
Argonaut Tent held its regular review last Tuesday evening with a large attendance. The reception to be given to Argonaut Hike by Argonaut Tent will be held Thursday evening, November 19th, instead of November 24th at Maccabee Temple, Eleventh and Clay streets. It will be a national tent, and will be composed of any of the members of the Tent or the Committee of Arrangements, consisting of E. E. Layman, W. J. Cronin and W. J. Murdock.

THE WORKMEN.
The regular meeting of Pacific Lodge No. 7 takes place this evening at A. O. U. W. hall, 1269 Broadway.

The Alameda county extension committee held a very interesting session last Friday evening with Occidental Lodge No. 6 at West Oakland.

Reports were received from the various lodges to the effect that substantial work was being done all along the line by the members, and at the present time there are no special deputies in this county.

The next meeting will be held with Central No. 521.

At a special meeting of the Grand Lodge of Massachusetts, held in Boston Oct. 26, the classified plan of assessments was adopted by a large majority. There are now thirty-nine jurisdictions operating under this plan and but five under the lump plan, with the prospects of all these changing within a year.

ABSIT INVIDIA.
A very enjoyable time was spent in the lodge room of Absit Invidia, Rebekah Lodge No. 11, I. O. O. F., last Tuesday evening, and a large number of visitors were in attendance.

Two more applications for membership were received and three were initiated upon and elected. Initiation will take place next Tuesday evening.

EUGENE E. SCHMITZ

Mayor of San Francisco—1902-1903

EUGENE E. SCHMITZ, candidate of the Union Labor Party for Mayor of San Francisco, received 21,776 votes; Asa R. Wells 17,718; Joseph S. Tobin 12,647; Charles L. Ames, Socialist, 912; and C. C. O'Donnell, 49.

Mr. Schmitz, who is 37 years of age, of German-Irish parentage, is a native of San Francisco. He is president of the Musicians' Union. His father, an eminent musician of that metropolis, built the first brick house there. Mr. Schmitz is in the manufacturing business, and for a number of years has been the leader of the Columbia Theater orchestra. He is a man of family, having a wife and three young children, two of whom are girls. He resides in his own cozy two-story house on Fillmore street, near Green.

The triumph of Mr. Schmitz was due to his charming personality, his admirable business prestige, and the fact that many disaffected Democrats and Republicans united at the polls in his behalf. His term of office will be for two years, and the salary is \$6,000 per annum, but there is an emergency fund which goes with the position. Mr. Schmitz will probably so run his administration as to ensure his election to succeed himself. He is a Republican.

Nov. 12th, at which time the degree will be conferred on five candidates. The sick members were reported as improving.

The chairman of the "Juvenile Social" reported progress. The same is to take place on Nov. 19th and a very enjoyable time is anticipated. The public is cordially invited to participate.

At the close of lodge the "home social" committee took charge and the evening was spent in games, dancing, etc., after which chocolate and cake were served.

The lodge is at present in a very prosperous condition, both socially and financially, and all who visit will receive a cordial welcome.

FRATERNAL BROTHERHOOD.
Oakland Lodge No. 125, Fraternal Brotherhood, met in Woodman Hall last Friday evening.

After the usual order of business was concluded, visitors and members were pleasantly entertained by music and recitations. The Misses Campbell and Hudson played two duets in a delightful manner. Miss Lois Mendelhall played "Old Folks at Home," with variations. Miss Lucy Hannibal, the well known pianist, contributed much toward the enjoyment of the members by her accompaniments. Many praises were heard during the evening for Victor Anderson, who so kindly assisted with the dance music, playing the violin in a most acceptable manner.

The Entertainment Committee furnished refreshments, consisting of salad, coffee and cake.

Friday evening, November 8, Mrs. Bardolini will sing.

Another most pleasing number will be the reciting by Miss Lucia Oliver. About one hundred members attended the entertainment and dance given by San Francisco Lodge No. 69 in Native Sons' Hall last Wednesday evening.

OAKLAND HIVE.
The ladies of Oakland Hive, No. 14, L. O. F. M., will give a reception and dance on Friday evening of this week in honor of the members of Oakland Tent, No. 17 E. O. T. M. and a very pleasant time is anticipated.

At the review last week several applications were presented, and business of importance was transacted. At the close of the meeting the ladies were entertained with addresses by visiting members of the order after which the Committee in charge presented a force entitled "A District School" which was strictly original and very much appreciated by all present. All members of the order from other parts of the State are cordially invited to attend the social to be given Friday evening, November 8, 1901.

FOUND NEPHEW

WAS DEAD.

Tragic Story Told to the Corner's Jury by William Hawthorne.

Coroner Mehrmann held an inquest last night on the body of William T. Peckham, who died suddenly at the Pullman House. It was found that heart disease was the cause of death.

William Hawthorne, an uncle of the deceased, told how he found his nephew and how he tried to arouse him. His story is told to the Coroner's jury as follows:

"I went into the room," he said, "and found William sleeping, as I supposed. He was lying quite naturally, his hands on his chest and his mouth partially open. I called to him to get up, and when he did not respond I went over to the door and looked up the morning paper. I read for a moment and then went over and looked him on the nose, but he did not move. Then taking the edge of the paper I thrust it through his mouth, thinking that the peculiar sensation would cause him to open his mouth partially closed eyes. Just at this time a friend came to the door and I called him in to see how very soundly the boy slept, and as I did so I again pulled the paper edge through his mouth. As I did so I put my hand on his chin. It was cold. I touched his forehead and suddenly I knew that—that he was dead."

POLYTECHNIC BUSINESS COLLEGE.

OF OAKLAND SCORES A GREAT SUCCESS.

NOW WELL IN THE LEAD AMONG THE BUSINESS COLLEGES OF THE COAST.

Graduates of This Popular Institution Are preferred Above all Others by Many of the Leading Business Houses of San Francisco and other Places on the Pacific Coast.

Arrangements have been made complete whereby the graduates of the well known Oakland Institution will find immediate employment in San Francisco and other places throughout the coast. The college bears an enviable reputation among many business men of San Francisco, who have given strong testimonials endorsing the high character of the work of this school. One company alone employs twelve graduates from the college.

In speaking of Miss Swafford, a graduate from the shorthand and typewriting department, Mr. Gerald Tinsell, banker, says: "Of the one hundred or more of students who have done work for me in committee or individually, none comes nearer my ideal in the dispatch and perfection of her work than Miss Swafford."

New departments in electrical, civil, mechanical and mining engineering are now thoroughly established. These departments have been fitted up at great expense and now offer an excellent opportunity to those who wish a thorough engineering course. The equipment includes, lathes, engines, motors, etc., with a complete workshop carrying a full equipment of tools, etc., of every description. The electrical department is thoroughly furnished with electrical measuring instruments, batteries, etc. Mechanical drawing, chemistry and the higher branches of mathematics are thoroughly taught.

"CONVICT'S DAUGHTER"
DRAWS AT MACDONOUGH.

There are so many really good things for the melodramatic public in the great success and powerful dramatic play, "The Convict's Daughter" that but one course is left open for the theater goers. Go, see and be convinced. It is an interesting story of heart interest with its wealth of beautiful scenery and effects. There are new and novel electrical surprises. This play with its cast of unequal excellence will appear again at the Macdonough tonight. The play is produced in five acts and the interest never flags from the beginning to the final fall of the curtain. The leading character is that of an escaped convict or tramp; not a typical stage tramp by any means but a class of faraway and lonely soul. He had been convicted of murder and sentenced to prison for another man's wrong but fortunately escapes after a lapse of fifteen years. The plot is well laid and is founded on facts. No prettier picture of Southern home life is seen on the stage than that in act first.

ALLMAN SUES TOMPKINS.
Richard Allman, a brother of the late John Allman, the capitalist of this city who was drowned several months ago, has brought suit against J. W. Tompkins as administrator of the estate of the deceased, to account for property and the income from the same in Virginia City, which the petitioner deeded in trust to the deceased in 1882. The property included several hundred acres and about 320 acres of timber land.

THE TUNNEL PROTEST.
Regarding the protest filed by Mrs. M. M. Dunn against the building of the tunnel road, Attorney Burton, who represents the protestant, said today:

"I anticipate that before the thing comes to a critical point, some amicable settlement will be made."

Mrs. Dunn objects to the extreme width of the road, and wants a fence to be built by the county along the right of way through the property in question.

W. VOLKER IN BUSINESS.
Mr. A. Landgraf, who for many years has conducted the Monarch Coffee and Spice Mills at 84 Washington street, has sold an interest in the business to Mr. W. Volker, and it goes on just saying that the two gentlemen named will prove to be a reliable business firm. At all times the public will find they can obtain the best for the least money by using the coffee, teas and spices from this favorite house.

WEDDING WILL NOT TAKE PLACE.

Jos Machek's Love for a Lady Wanted a Swell Wedding and Leads to His Financial Ruin Thought He Could Make the Money at the Gaming Table.

Lured on to bankruptcy by that insatiable divinity, the Goddess of Chance, Joe Machek, a West Oakland butcher, has taken French leave of his creditors, to whom he owed \$600, and fled to parts unknown.

Joe Machek's downfall was caused by a desire to wed a dark-eyed waitress in a San Francisco restaurant and have the nuptials characterized by the marks of affluence.

Machek has been the proprietor of a meat market at 1577 Eighth street for over a year past, and had he not met Miss Mary Hodek, the chances are that he would still be the urbane seller of the juicy tenderloin. Miss Hodek is an innocent participant in the affairs of Machek, and probably does not know as yet of his flight.

While Machek, or "Joe," as he was known to hundreds of West Oakland folk, has been prosperous in his meat business, he has been losing his money at the gaming tables of resorts in San Francisco, to which he journeyed at night to try and win a sum large enough to marry with ease.

"Joe" came to Oakland about ten years ago, and for nine years was employed by Wm. Hollub, also a meat dealer, at Hollub's shop on Seventh street, near Wood, West Oakland; but a year ago Machek set himself up in business as a dealer in meats at the corner of Eighth and Willow streets.

He prospered in his venture, and about six months ago he met Miss Hodek at a restaurant in San Francisco, where she was employed as a waitress.

An acquaintance ensued and they began to keep company and after some time Machek was desirous of making the girl his wife, but the lack of a sum large enough

in his eyes, to have a pretentious wedding caused him to gamble, in the hope that he could win enough to marry in style.

His largest creditors are the Oakland Meat Company and U. M. Slater, both wholesale dealers in meats, to whom he should have made payments this morning for meats furnished on trust to the amount of several hundred dollars.

His assistant, Frank Broz, opened the meat market at an early hour this morning and awaited the coming of Machek, but as time passed, and the collectors of the meat dealers waited for their remittances, the word went around that Machek had gone and made no farewells.

Broz, the assistant of Machek, was asked at noon today to give some details of Machek's late actions, and said:

"Yes, that's right, Joe has passed this town up, and he'll be missed, too, for he was 'the goods' when it came to being a good fellow, but he went up against the marriage game and he lost out."

"I've got the girl's photo here for Joe used to be looking at it all day long."

"He said the girl was from some town named Bohemia, the same place he hailed from, and he was always giving his friends the talk about what a peach-juice wedding he would give if he could only 'win out the big coin.'"

"He lost a hundred last Sunday in Frisco at the Cafe Royal, and had to rustle hard to get the price to come home on. Everybody in West Oakland knows Joe."

"He owes coin around here that he borrowed, and I'm glad he don't owe it to me."

"I always kept telling Joe not to gamble, as those Frisco sharks had him beat from here to Denver when it came to playing cards, but he said he and the girl were going to be married and he was going to have a swell wedding or none at all."
